WR29 specification parameter table

Product configuration	case	Aluminum alloy + zinc alloy + plastic	Strap	TPU
	Product size (mm)	φ46.2*9.82mm	Color	Black，Blue，Pink
	Product net weight (g)	48g	Operating temperature	10-50℃
	Charging connector	Charging stand	Charging parameter	5V/180mAh
	Package dimensions (mm)	148*96*21.5mm	Strap size	
	standard packaging	Watch*1 Charging stand*1 Manual*1	Net package weight (g)	

ware Configura	Hardware category	Description	Remarks	
	Main chip	Realtek8762C		
	Acceleration sensor	Three-axis gravity sensor STK8321		
	Photoelectric sensor	Heart rate VC31		
	Display	1.28 inch 240 * 240 TFT small tail display		
	Touch	Full touch	Support	
	Ambient temperature	Operating temperature	10-50℃	
	Charging	Charging stand	Support	
	Adaptation way	Can be used independently or simultaneously with mobile app		
	storage	Plug-in Flash 128Mb		

Main features of the watch	System software category	Description	Remarks	
	Andiord	Support Android 4.4 and above		
	IOS	Apple IOS 8.0 or later		
	Detection of sleep	Automatic detection based on the amount of exercise and pulse rate of the person		
	Information to remind	Incoming calls, SMS, Wechat, QQ, Facebook, Twitter, LinkedIn, WhatsApp, Line, Instagram, Snapchat, Skype, Gmail, mobile phone and other applications		
	Alarm clock	APP settings		
	photograph	Shake or click to take a picture		
	Flip switch	APP side settings		
	clear data	APP side settings		
	System switching	24 / 12-hour system, distance metric system (APP required)		
	Sedentary remind	Support (requires APP, vibration)		
	Stopwatch	Resident interface	Support	
	Find my phone	Resident interface		
	Raise hand turn wrist bright screen		Support	
	OTA		Support	
	APP dial download	Cloud dial download, custom dial download		
	Language	Firmware language: Chinese, English	Support	
		Message push languages: Russian, Indonesian, German,Italian, Czech, Japanese, French, Simplified Chinese, Traditional Chinese, English,Portuguese, Spanish, Arabic, Korean, etc.	Support	
		App supports languages: Russian, Indonesian, German,Italian, Czech, Japanese, French, Simplified Chinese, Traditional Chinese, English, Portuguese, Spanish, Arabic, Korean	Support	

APP main function	Step counting, heart rate data synchronization，24 sport modes	Support (requires APP)		
	Sleep	Wake time, deep, light sleep time		
	The historical record	Heart rate, sleep, exercise		
	WeChat movement		Support
